

**CAGNE**  
**Communities Against Gatwick**  
**Noise and Emissions**  
**Aviation Council Forum**

Today CAGNE leads the way to Number 10 to deliver a national statement for the new government asking for policy to curb aviation and that communities come first, that proper compensation be paid and that the health and wellbeing of communities comes before aviation greed.

**Next Forum Meeting – 31<sup>st</sup> May**

We are delighted to report that Stuart Lindsay of the Civil Aviation Authority, aviation regulator, will be joining us at 7.30pm at Kirdford village hall courtesy of Kirdford PC.

We hope you will attend as Stuart will be talking about the current CAA consultation and can answer your questions.

**RSVP [billisorrell@hotmail.com](mailto:billisorrell@hotmail.com)**

**The next Noise Management Board meeting in June** – do you have any points you would like us to raise?

**Deadline 25<sup>th</sup> May – two government consultations on airspace**

It is really important that you participate as a council please:

**The previous government's consultation on national airspace policy suggests undertones of an industry that could be allowed to self regulate with a more relaxed policy. Please take part in the following two consultations:**

- 1 In response to the Heathrow southeast expansion consultation into airport expansion in relation to the National Policy Framework

Please answer question 2 and say Gatwick is the wrong side of London, does not benefit UK growth and has no infrastructure to support it as well as the fact it would blight rural areas of Sussex, Surrey and Kent.
